### Comments:

The wet weather event earlier this month has continued to impact harvesting and crushing operations.

No cane was harvested or crushed during Week 5.

During the forced downtime, crews worked on maintenance in preparation for the resumption of crushing.

Crushing operations are scheduled to recommence at Invicta and Kalamia mills on Tuesday, 19 July.

Inkerman and Pioneer mills are scheduled to restart on Wednesday, 20 July.

As always, we ask the public to stay alert around our cane rail network.
