

## Weekly Production Figures

### Burdekin region mills Week 14, ending 17 September 2022

Cane crushed	This week	Season to date
Invicta	144,943	1,758,915
Pioneer	76,301	754,204
Kalamia	79,776	762,168
Inkerman	88,870	839,840
<b>Burdekin</b>	<b>389,890</b>	<b>4,115,127</b>

CCS		
Invicta	15.10	14.08
Pioneer	14.93	13.94
Kalamia	14.31	13.39
Inkerman	14.68	13.45
<b>Burdekin</b>	<b>14.81</b>	<b>13.80</b>

#### Weekly variety performance for region

Variety	%	CCS	Variety	%	CCS
Q240	47%	14.95	Q208	10%	14.38
KQ228	19%	14.64	Q232	8%	14.52
Q183	12%	15.41	WSRA17	3%	14.29

#### Comments:

Burdekin mills crushed just under 390,000 tonnes this week. Overall throughput was down due to an unplanned stop at Invicta Mill following a blackout early in the week, and a planned mill clean.

Inkerman Mill recorded its highest throughput for the season to date at 88,870 tonnes.

Just over 4M tonnes or 50% of the forecast 8.15M tonne Burdekin crop has been crushed to date.

The average weekly CCS was 14.81, which is a sharp increase on the previous week although still just below the original forecast.

The highest CCS sample was 18.35 from a rake of Q183-P in the Mulgrave productivity district.

With school holidays now under way, parents and carers are urged to remind children of the dangers associated with cane trains. Children should keep well away from the cane rail network and never play on or around cane bins.
