Comments:

Just over 375,000 tonnes of cane were processed this week.

All four Burdekin mills exceeded budget, which was a good outcome considering Invicta had an extended stop for repairs to the tip area and high CCS is now limiting processing rates.

The season-to-date total for the Burdekin mills is now just over 5.5M tonnes, which represents about 67% of the total forecast crop.

CCS remains above budgeted levels but did dip slightly from the previous week.

The highest CCS sample of 18.2 was from a rake of Q183-1R harvested in the Koolkuna Productivity Area.
