#### Comments:

Pioneer and Invicta mills processed just under 100,000 tonnes for the week to wrap up the 2024 season.

In total, our four Burdekin mills processed 7.97M tonnes for the season.

All Burdekin factories have now commenced their capital and maintenance programs, preparing for the 2025 season.

We completed the 2024 season without any major incidents on our cane rail network involving members of the public.

We will recommence our cane train safety awareness campaign leading up to the 2025 season
