#### Comments:

Throughput for week three was just over 346,000 tonnes, which was above budget.

The Burdekin mills have now processed just over 900,000 tonnes for the season to date.

Invicta and Inkerman mills had their first cleaning intermissions for the season last week. Kalamia and Pioneer mills have planned cleaning intermissions on Tuesday 23 June.

Average weekly CCS was 14.23 – more than a unit above the budgeted figure of 12.98.

The highest CCS recorded for the week was 17.30 from a rake of Q183 plant cane supplied from the Mulgrave productivity district.

With school holidays coming up, parents and carers should alert their children to the dangers of playing on or around our cane railway network.

Locals and visitors are also reminded to use their train brain and always give way to cane trains.
