

### A high-phosphorus

supplement with natural protein and minerals to support better livestock health and production

## **USER GUIDE**

Daily
consumption

Typically 1 litre (good pastures) and up to 1-3 litres in poor pasture conditions.

Intake will also vary according to the condition and age of cattle.

**Feeder** 

Open trough or licker wheel trough (reduces intake and wastage).

Compatibility

Use alone or as a carrier for additional nutrients (after consulting a nutritionist).

Shelf life

Use within six months of production is recommended.

Storage

Molasses or lick-grade poly tanks, stainless steel or fibreglass vessels are recommended. Ensure storage vessels have weather-proof, vermin-proof vapour vents. If storing for long periods, circulate the tank from the bottom to ensure adequate suspension of nutrients and prevent settling.

Safety

Avoid use of concrete, cement or mild steel containers due to the corrosive nature of this product. Never enter storage vessels or confined spaces containing SuplaFlo without adequate training and correct protective equipment.

# **GUARANTEED CRUDE PROTEIN ANALYSIS**<sup>2</sup>

Element	Units	SuplaFlo+Max Phos
Total crude protein	%w/v	3.08
Minimum natural protein	%w/v	3.08
Minimum equivalent crude protein	%w/v	0.00
Urea	%w/v	0.00

### **TYPICAL ANALYSIS**<sup>3</sup>

Element	Units	SuplaFlo+Max Phos
Dry matter	%w/v	34.07
Fat	%w/v	0.42
ME <sup>4</sup> (Ruminant)	MJ/L	3.56
Calcium (Ca)	g/L	6.28
Phosphorus (P)	g/L	6.37
Magnesium (Mg)	g/L	4.04
Sulphur (S)	g/L	4.15
Potassium (K)	g/L	28.05
Sodium (Na)	g/L	1.23
Cobalt (Co)	mg/L	0.67
Copper (Cu)	mg/L	1.68
lodine (I)	mg/L	0.67
Manganese (Mn)	mg/L	38.15
Selenium (Se)	mg/L	0.11
Zinc (Zn)	mg/L	5.61
Specific gravity	kg/L	1.15

Refer to our <u>Safety Data Sheets</u> for further product information (available at www.wilmarsugar-anz.com).

# WILMAR LIQUID STOCKFEED SUPPLEMENTS

Our natural-protein liquid supplements are based on 100% Australian fermented molasses and produced at Sarina. They offer a simple and nutritious solution to support your livestock program.

- Natural protein and essential amino acids critical for lactation in breeders
- Developed from yeast, a highly digestible protein source for the rumen
- Source of valuable minerals and micronutrients

SuplaFlo+Max Phos is formulated with added phosphorus to address phosphorus deficiences, or to improve performance in the wet season.

#### Notes

- All comparisons and contents are calculated on a dry matter basis, unless otherwise stated. Dry matter is determined via the vacuum dry matter method at 600°C.
- (2) Nutrition figures are calculated from the nutrition values of their respective ingredients.
- (3) All values are typical values. The variability in the molasses composition from different sources may cause some variability in the nutrient composition of final products. Nutrition figures are calculated from the nutrition values of their respective ingredients.
- (4) ME is calculated via the FLIAC AUSMEAT accredited formula.

#### Disclaimer

Before using livestock feed products it is strongly recommended that reliable nutritional advice is obtained. Feeds may affect animal health. Climatic, soil and forage conditions, as well as livestock management practices, are beyond the control of Wilmar and cannot be foreseen. Similarly the storage, handling and use of this product are beyond the control of Wilmar. Should you purchase any of the products contained in this booklet from Wilmar, you will be bound by the purchase terms and conditions as set out on our website at <a href="https://www.wilmarsugar-anz.com">www.wilmarsugar-anz.com</a>.
