Q240	8.9	11.65	Q231	2.3	11.75
Q232	8.4	10.97	Q252	1.4	11.38

Comments:

A total of 193,829 tonnes of cane were crushed for the week with an average CCS of 11.17.

Macknade Mill will undertake a cleaning intermission Monday 27 June and Victoria Mill will have an A-side maintenance stop on Thursday 30 June.

Thanks to those growers and contractors who have harvested cane that was limiting visibility around our cane railway crossings.

However, there is still poor visibility at some crossings and motorists are reminded to be cautious when approaching all cane rail crossings.

With school holidays under way, parents and carers are urged to warn children not to play on bins or near the cane rail network.

Please remember that cane trains can't swerve and they can't come to a quick stop. Use your train brain and always give way to cane trains.

Lindsay Wheeler
Cane Supply Manager
