Comments:

The Herbert mills crushed just over 209,000 tonnes of cane for the week, which was above budget.

Average weekly CCS was 12.02 units for the second week in a row to take the season-to-date average to 11.62 units.

Victoria Mill is expected to pass the 1 million tonnes milestone this week.

Showers across some parts of the district during the week caused minimal impact on harvesting operations.

This week Victoria's B-side will undertake a 12-hour cleaning intermission on Tuesday 16 August.

Motorists are again reminded to approach cane rail crossings with caution, following a near hit at Tokolon Road rail crossing.
