Q200	7.0	13.07	Q183	2.4	12.55
Q240	5.5	11.83	SRA3	2.1	12.45

Comments:

Intermittent rain events continue to disrupt harvesting and crushing operations this season.

Just over 183,300 tonnes of cane was processed for the week – a good result given Macknade Mill stopped crushing early in the week due to wet weather.

The Herbert mills have now crushed more than 2 million tonnes of cane.

CCS levels remain below budget with the season-to-date CCS sitting at 11.88 units.

Victoria Mill will undertake a 16-hour maintenance and cleaning intermission stop on B-side on Tuesday 13 September. Macknade Mill will undertake a four-hour shredder stop on Thursday 15 September.

With school holidays beginning this coming Friday (16 September), parents are urged to warn their children of the dangers of playing near cane railway lines.
