

Weekly production figures

Wilmar Sugar Herbert region mills Week 15, ending 30 September 2023

	This week	Season to date
Cane crushed		
Victoria	135,600	1,756,672
Macknade	59,364	760,849
Total	194,964	2,517,521
Average bin weight	6.29	8.17
Crop forecast	4.07M	

	This week	Season to date
District CCS	13.45	12.90

Comments:

The Herbert mills processed just under 195,000 tonnes for the week, bringing the season total past the 2.5 million tonnes milestone.

There was a slight decrease in CCS levels from the previous week, with the season-to-date average remaining below budget at 12.90 units.

Average bin weights remain low, which is limiting daily throughput at the factories.

This week, Victoria Mill will undertake a 12-hour cleaning intermission on Thursday 5 October.

There has been a noticeable spike in the amount of spilt cane at rail sidings. Growers are urged to clean cane delivery points when necessary to reduce the likelihood of siding-based derailments and delayed bin deliveries.
