Q240	8.1	13.64	Q183	1.2	13.74
Q232	7.2	12.26	MQ239	0.8	12.63

Comments:

The Herbert mills processed more than 198,000 tonnes of cane for the week – a fantastic effort from all sectors of the industry given there were two 12-hour cleaning intermissions.

The mills have now passed the 3M tonnes processed milestone.

There was a slight decrease in CCS levels of 0.09 of a unit from the previous week. The season-to-date average remains below budget at 12.09 units.

Victoria Mill's A-side will undertake a 12-hour cleaning intermission on Tuesday 24 October.

Remember that any work being undertaken near our cane rail network poses a safety risk. Please communicate any planned work to the traffic office and ensure appropriate signage is used.

Lindsay Wheeler
