#### Comments:

The Herbert mills processed just under 200,000 tonnes of cane for the week.

Macknade Mill has now passed the 1M tonne milestone.

The average weekly CCS remains below budget at 13.25 units, and season-to-date CCS is 12.99 units.

Growers are reminded to compare the physical areas left to harvest with what is listed in their field book on GrowerWeb.

Any variations should be reported to Wilmar Sugar on 4776 4390.

Please remember to use your train brain and approach all cane crossings with caution.
