Comments:

Close to 189,000 tonnes of cane were processed for the week, bringing the season-to-date total to 2.2M

The average CCS for the week was 12.42 which is below the season-to-date average.

The forecast has clear weather for the short term.

Thanks to the harvesting sector for the regular communications with our operations team. Please remember that siding changes are due by 12 noon.

Please continue to focus on your safety, give way to cane trains and a reminder that a fully loaded cane train can take up to one kilometre to stop.
