Comments:

Macknade Mill kicked off the 2025 production in the Herbert region on Tuesday 10 June as planned.

The factory processed just over 33,300 tonnes of sugarcane in week 1, with an average CCS of 12.41 units.

With the production season now under way, we urge all road users to switch on their train brain. Our cane trains operate 24 hours a day, seven days a week.

Chris Winship
Cane Supply Manager
Herbert Region
