Comments:

Just over 191,000 tonnes of cane were processed for the week, bringing the season-to-date total to 2.94M tonnes.

The average weekly CCS was 12.89 and remains above the season-to-date average of 12.80 units.

The next Long Pocket Bridge upgrade works are scheduled for Thursday 23 October. This will be the final bridge closure for stage one of the works program for 2025.

A reminder to the harvesting sector to have all changes into the traffic office by 12 noon please.

A second reminder to please ensure all field book tickets are checked and filled out correctly. Please notify the operations centre of any issues with cane quality or changes to the harvesting schedule.

Please remember to stay cane train aware, particularly when approaching crossings.

Our cane trains work around the clock, seven days a week.
