Comments:

The Herbert mills crushed close to 211,000 tonnes of cane for the week.

There were two scheduled 12-hour maintenance stops during the week: one at Victoria A-side mill on Tuesday and the other at Macknade Mill on Thursday.

There was a modest 0.27 of a unit improvement in CCS levels on the previous week. The season to date CCS is still tracking below the budgeted 13.0 units.

This week, Victoria's B-side mill will have a 12-hour scheduled maintenance stop on Thursday 20 August.
