#### Comments:

Just over 207,000 tonnes of cane were crushed for the week.

Victoria's B-side mill had a 12-hour cleaning intermission on Wednesday, and Macknade had a 12-hour cleaning intermission on Thursday.

There was a slight decrease in CCS levels from the previous week, with the season to date CCS at 12.81 units.

This week, Victoria's Mill's A-side will have a 12-hour cleaning intermission on Thursday 15 October.

With the Herbert mills having processed 70% of estimated crop, growers are urged to compare the physical areas left to harvest with what is listed in their field book on GrowerWeb.

Any variations should be reported to Wilmar Sugar on 4776 4390.
