

**Wednesday, 3 June 2020**

- The start date for the 2020 Burdekin season has been further delayed due to wet field conditions.
- Following consultation with growers and harvesting operators across the Burdekin region, we now plan to start crushing operations at **Invicta Mill next Wednesday (10 June)**.
- Our other three mills will progressively start up as cane supply becomes available.
- Our logistics staff will work directly with growers and contractors on detailed cane supply arrangements.
- We will keep you updated on mill start-up dates as we get more information.
- Please note that locos have begun to move across the region.
- Remember to use your train brain and give way to cane trains.

Best regards

**PAUL GIORDANI**

General Manager - Cane Supply and Grower Relations
