

MACKAY PORT TERMINAL *At a glance*

Sugar Australia is the country's leading producer of sugar products.

Our Mackay Port Terminal comprises a sugar packaging facility, warehouse, distribution centre, bulk sugar storage silo and ship loading facility. All sugar processed at the Mackay Port Terminal is produced at Racecourse Refinery, which is located 13km from the terminal.

Each year, at our Mackay Port Terminal, we:

Pack and distribute **295,300 TONNES** of locally-made sugar, produced from Queensland-grown sugarcane*

Pack **43,300 TONNES** of sugar for retail, foodservice and industrial customers*

Pack raw sugar, raw caster, white, demerara, extra coarse white and coffee sugars for CSR Sugar

Invest **\$1.3 MILLION** in capital and maintenance annually*

Ship **252,000 TONNES** of white sugar to domestic and international customers*

Employ **22** Queenslanders

**Figures are average 2019-2021*

Sugar Australia is a joint venture between Wilmar Sugar Australia (75%) and Mackay Sugar Limited (25%).
