

Weekly Production Figures

Burdekin region mills Week 19, ending 10 October 2026

Cane crushed	This week	Season to date			
Invicta	140,679	2,589,462			
Pioneer	79,193	1,388,065			
Kalamia	68,396	1,368,555			
Inkerman	77,596	1,507,922			
Burdekin	365,865	6,854,005			
CCS					
Invicta	15.89	15.24			
Pioneer	15.29	15.12			
Kalamia	14.89	14.65			
Inkerman	15.29	14.92			
Burdekin	15.45	15.03			
Weekly variety performance for region					
Variety	%	CCS	Variety	%	CCS
Q240	61	15.75	SRA23	5	14.27
KQ228	13	14.71	Q208	5	15.64
Q183	9	15.69	WSRA17	4	15.28

Comments:

Throughput for week 19 was close to 366,000 tonnes of cane in a week that included a cleaning intermission at Invicta Mill and unscheduled stops at Inkerman and Kalamia mills.

Average weekly CCS was 15.45, which is 0.39 of a unit above budget. The average yield for the Burdekin region, season to date, is 107 tonnes of cane per hectare.

The highest CCS recorded for the week was 18.70 from a rake of Q240 fourth ratoon supplied from the Stockham Road productivity district.

We are nearing the end of the Burdekin season. Based on the expected final crop and no major disruptions, we expect the first of our Burdekin mills – Kalamia and Inkerman – to crush out this week. Pioneer and Invicta mills are expected to finish next week.

A reminder to growers, harvesting contractors and the travelling public to remain vigilant around our cane rail network as we work through the final weeks of the Burdekin season.

Parents and carers are asked to remind children to stay away from the cane railway network. Members of the public are urged to report any suspicious activity around our cane rail line to the police.

On behalf of our team, I would like to take this opportunity to thank you for your efforts throughout the 2026 season.

Chris Scovazzi
Cane Supply Manager
