CCS	11.17	12.90

Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q208	32.5	11.07	KQ228	2.3	12.06
Q183	30.8	11.55	Q242	1.8	10.40
Q240	18.1	11.04	Q238	1.7	11.01
Q138	6.2	9.54	Q252	1.5	11.47

Comments:

Plane Creek Mill crushed just under 44,000 tonnes of cane for the week, bringing the season total to about 1.42M tonnes.

Widespread rain in the latter part of the previous week impacted cane supply early in the week.

The last cane for the week was crushed out at 5pm on 24 December. There was insufficient cane supply to continue crushing on Christmas Day.

The highest CCS was 13.80 units from a rake of Q183 5th Ratoon from the Mt Christian productivity district.

Subject to weather and mill performance, harvesting operations at Plane Creek are currently expected to finish on Thursday 5 January 2023.

This advice will be reviewed regularly and any changes advertised through Wilmar Sugar's GrowerWeb and this weekly production report.

As we enter the final weeks of the 2022 season, members of the public are reminded to stay alert around our cane rail network.

Remember to approach all level crossings with caution and always give way to cane trains.

Jim Kirchner
Cane Supply Manager
Plane Creek Region
