Q183	29.7	11.17	Q242	5.1	7.51
Q208	27.3	10.54	Q253	5.0	10.13
Q240	16.9	10.42	Q252	2.9	9.48
Q138	5.3	9.17	Q200	1.5	10.81

Comments:

Plane Creek Mill wrapped up the 2022 crushing season on Saturday, 7 January, with the last cane crushed at 3.33am.

The mill processed 40,551 tonnes of sugarcane in its final week, bringing the total for the 2022 season to 1.490 million tonnes. This is the highest seasonal throughput since 1999.

CCS improved slightly from the previous week. The final season CCS was 12.80 units.

The highest CCS for the week was 14.10 units from a rake of Q183 2nd ratoon from the Ilbilbie productivity district.

I would like to acknowledge the effort that was put in by growers, harvesting contractors and Wilmar employees to complete this year's crush.

Although the crushing season is now finalised, cane trains may still be moving around the rail network this week, so please continue to 'use your train brain'.

Jim Kirchner
Cane Supply Manager
Plane Creek Region
