Q183	37.9	12.32	Q242	5.3	10.33
Q208	18.3	12.29	Q138	2.7	9.68
Q240	13.5	13.07	Q253	2.1	9.98
KQ228	12.2	13.22	SP80	1.9	12.52

Comments:

Plane Creek Mill's 2023 crushing season commenced at 3.20pm on Tuesday 13 June.

The mill experienced a few mechanical and production issues during the opening days of operation but throughput had improved by the week's end.

The average bin weight was 4.00 tonnes. The average weekly CCS was 12.32.

The highest CCS for the week was 14.95, from a rake of Q240 third ratoon from the Dawlish productivity district.

With school holidays commencing at the end of this week, parents and carers are urged to remind children of the dangers associated with cane trains. Children should keep well away from the cane rail network and never play on or around cane bins.

Motorists and cyclists should approach cane rail crossings with caution, and always give way to cane trains.

Motorists should be particularly vigilant at rail crossings in rural areas, where visibility may be limited by standing cane.

Jim Kirchner
Cane Supply Manager
Plane Creek Region
