

## Weekly production figures

### Wilmar Sugar Plane Creek Mill Week 9, Week ending 12 Aug 2023

	This week	Season to date
<b>Cane crushed</b>	61,187	331,935
Average bin weight	3.97	3.95
<b>CCS</b>	13.95	13.17

#### Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q183	27.7	14.17	KQ228	5.7	15.10
Q208	20.9	13.79	Q252	4.3	13.81
Q240	17.0	14.08	SRA9	2.9	13.45
Q253	11.2	13.62	Q138	2.0	11.90

#### Comments:

Improved rates and reliability saw Plane Creek Mill process more than 61,000 tonnes of cane for the week – the highest weekly throughput for the 2023 season.

That brought the season-to-date total to just under 332,000 tonnes.

There was a welcome improvement in bin weights from the previous week, likely due to the improving ground conditions.

CCS figures edged slightly higher by 0.22 of a unit over the previous week, to average 13.95 units.

This pushed the season to date CCS past 13 units for the first time this year, closing out at 13.17 units.

The highest CCS was 16.20 units from a rake of KQ228 5<sup>th</sup> Ratoon from the Carmila productivity district.

This week, there is a 15-hour maintenance and cleaning intermission planned for Thursday, 17 August.
