Comments:

Plane Creek Mill processed 66,576 tonnes of cane for the week, bringing the season total to just over 594,000 tonnes.

Disruptions to throughput included a shredder tip change on Tuesday morning and an electrical issue at the feeding station on Saturday.

There was a welcome improvement in CCS of 0.71 of a unit over the previous week, taking the season-to-date CCS to 13.43 units.

The highest CCS was 16.40 units from a rake of KQ228 1st ratoon from the Carmila productivity district.

With school holidays now under way, parents and guardians are asked to warn their children about the dangers of playing on or near cane railway lines.

Please remember to use your train brain and always give way to cane trains.
