

## Weekly production figures

### Wilmar Sugar Plane Creek Mill Week 16, Week ending 30 Sept 2023

	This week	Season to date
<b>Cane crushed</b>	20,952	669,858
Average bin weight	4.07	3.96
<b>CCS</b>	14.16	13.52

#### Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q208	20.6	14.84	SP80	7.3	13.32
Q253	20.3	13.90	SRA9	5.8	13.99
Q183	17.6	14.41	KQ228	5.4	15.48
Q240	14.1	14.09	Q242	3.1	11.60

#### Comments:

Plane Creek Mill processed just under 21,000 tonnes of cane for the week, bringing the season-to-date total to nearly 670,000 tonnes.

Processing resumed on Thursday morning following repairs on the No.5 mill pressure feed chute that brought operations to a halt late in the previous week.

I would like to acknowledge our Wilmar employees who worked around the clock for a number of days to minimise the impact of the unscheduled stop.

Thanks also to Plane Creek growers and harvesting contractors for their understanding during this forced downtime.

Average weekly CCS was 14.16, down slightly from 14.19 the previous week. The season-to-date CCS closed out at 13.52 units.

The highest CCS was 16.90 units from a rake of KQ228 Plant from the Carmila productivity district.

It's pleasing that no incidents were reported around our rail network during the recent Queensland school holidays and long weekend.
