Comments:

Plane Creek Mill processed just under 62,000 tonnes of cane for the week, bringing the season-to-date total to nearly 732,000 tonnes.

This was a reasonable weekly throughput, given there was a 16-hour unplanned stoppage on Monday night to conduct sugar screw repairs.

There was a welcome improvement in CCS of 0.41 of a unit over the previous week, taking the season-to-date CCS to 13.60 units.

The highest CCS was 17.70 units from a rake of KQ228 Plant from the Carmila productivity district.
