Q253	10.7	13.97	KQ228	2.1	14.96

Comments:

Plane Creek Mill processed 52,662 tonnes of cane for the week, bringing the season-to-date total to 1,125,433 tonnes.

Factory operations stopped late Wednesday morning due to a failed bearing on No.4 mill intermediate gearing.

Maintenance crews worked well into the evening to install a bypass chute. Production resumed early Thursday morning.

Average weekly CCS was 14.66, down noticeably from 15.49 the previous week. The season-to-date CCS averaged 14.22 units.

The highest CCS was 17.30 units from a rake of Q212 4th Ratoon from the Ilbilbie productivity district.

Road users are urged to use their train brain as they travel in and around our sugar milling districts.

Approach all cane rail crossings with caution and always give way to cane trains.

Jim Kirchner
Cane Supply Manager
Plane Creek Region
