Comments:

Plane Creek Mill processed 26,411 tonnes of cane for the week, bringing the season-to-date total to nearly 1,152,000 tonnes.

Widespread rain earlier in the week triggered a three-day halt to harvesting operations.

The mill ran out of cane on Monday morning and resumed operations at midnight on Thursday.

Weekly CCS fell below 14 units for the first time in 12 weeks, closing out at 13.30. The season-to-date CCS is still holding above the 14-unit mark.

The highest CCS was 16.30 units from a rake of Q183 4th Ratoon from the Carmila West productivity district.

With the crushing season extending into the school holiday period, we ask parents and caregivers to talk to children about the dangers of playing on or around our cane rail network.
