

Weekly production figures

Wilmar Sugar Plane Creek Mill Week 3, Week ending 21 June 2025

	This week	Season to date
Cane crushed	41,222.12	94,920
Average bin weight	3.91	3.94
CCS	11.92	11.88

Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q232	3.5	12.79	KQ228	8.6	13.08
SRA21	2.1	12.48	Q242	.8	11.96
Q253	15.8	12.24	Q250	2.2	13.10
Q240	22.1	11.93	SRA21	2.1	12.48

Comments:

Plane Creek Mill processed just over 41,200 tonnes of cane for the week, bringing the season total to just under 95,000 tonnes.

Showery conditions late in the week hindered supply to the factory.

Average weekly CCS came in at 11.92 units. Bin weights dipped slightly from the previous week mainly due to some damp conditions.

Standover cane made up 20 per cent of the week's cane supply.

The highest CCS honour for the week was for a rake of Q240 replant from the Koumala productivity area with a CCS of 14.90 units.

With the season well under way, I'd like to remind pedestrians not to linger near any part of the rail network and only cross the line at designated crossings.

Remember our locos are towing heavy loads and can take up to 1km to come to a complete stop.

We've had reports of people tampering with the points system at our sidings. This is illegal and dangerous, and all evidence of such activity will be provided to the police.
