Q232	1.2	12.91	KQ228	10.7	13.17
SRA26	0.1	13.06	SP80	2.5	12.05
Q253	6.8	12.10	Q250	0.2	13.27
Q208	12.7	12.08	SRA22	0.7	12.66

Comments:

Plane Creek Mill processed just under 41,500 tonnes of cane for the week, bringing the season total to just over 136,000 tonnes.

Showery conditions continue to impede harvesting operations, hindering continuous cane supply to the factory.

Average weekly CCS came in at 11.90 units. Bin weights dipped slightly from the previous week due to the damp conditions.

Standover cane once again made up 20 per cent of the week's cane supply.

The highest CCS honours for the week were shared between a rake of Q228 first ratoon cane from the Main Line productivity area and a rake of Q228 plant cane from the Bollingbroke productivity area. Both had a CCS of 14.8 units.

With school holidays under way, parents and guardians are once again reminded to warn their children of the dangers of playing near cane railway lines.

Families and visitors who are doing road trips over the school holidays are reminded to use their train brain and always give way to cane trains.
