Wilmar Sugar Plane Creek Mill Week 6, Week ending 12 July 2025

	This week	Season to date
Cane crushed	54,933	219,249
Average bin weight	3.77	388
CCS	12.41	12.10

Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q240	8.9	12.21	KQ228	5.1	13.85
SRA22	.03	12.86	SRA21	.8	12.15
Q253	13.7	12.71	Q250	0.4	12.77
Q208	18.4	12.56	SP80	6.1	12.34

Comments:

Plane Creek Mill processed just under 55,000 tonnes of cane for the week, bringing the season total to just over 219,000 tonnes.

Factory throughput is improving steadily as paddocks dry out following recent rain.

Unfortunately, we were forced to shut the factory down on Saturday due to illness among critical operators.

We made the most of the forced downtime by bringing forward a cleaning and maintenance intermission that had been planned for the coming week.

Average weekly CCS came in at 12.41 units, with bin weights slightly down from the previous week to average 3.77 tonnes.

Standover cane made up almost 20 per cent of the week's cane supply.

The highest CCS honours for the week were shared between a rake of Q228 second ratoon cane from the Carmila productivity area and a rake of Q208 third ratoon cane from the Koumala productivity area. Both had a CCS of 15.0 units.

As always, we ask the public to stay alert around our cane rail network and always give way to cane trains.

Lindsay Wheeler
Cane Supply Manager
Plane Creek Region
