

## Weekly production figures

### Wilmar Sugar Plane Creek Mill Week 13, Week ending 30 August 2025

	This week	Season to date
<b>Cane crushed</b>	56,227	633,597
Average bin weight	3.90	3.87
<b>CCS</b>	13.94	12.71

#### Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q240	14.1	14.78	KQ228	4.1	15.49
SRA9	11.7	14.37	SRA26	2.4	15.49
Q253	18.6	14.45	Q183	23.1	14.88
Q190	.3	15.80	Q208	16.8	15.12

#### Comments:

Plane Creek Mill processed just over 56,000 tonnes of cane for the week, which included a cleaning intermission on Thursday.

The season-to-date total is just under 633,600 tonnes.

Average weekly CCS came in at 13.94 units, with the season-to-date average at 12.71.

Bin weights climbed to an average 3.9 tonnes for the week.

Standover cane made up almost 22 per cent of the week's cane supply and continues to suppress weekly CCS and crushing rates at the factory.

The highest CCS honour for the week was a rake of SRA26 first ratoon cane from the Koumala productivity area with a CCS of 17.20 units.

Road users are urged to use their train brain as they travel in and around our sugar milling districts.

Approach all cane rail crossings with caution and always give way to cane trains.
