Weekly production figures

Wilmar Sugar
Plane Creek Mill
Week 22, Week ending 31 October 2026

	This week	Season to date
Cane crushed	22,997.71	1,092,907
Average bin weight	3.85	4.0
CCS	14.45	15.19

Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q240	18.1	15.00	Q183	34.3	14.43
KQ228	3.8	15.09	Q252	2.2	13.53
SP80	2.5	13.16	Q253	3.2	13.31
Q208	23.9	14.45	SRA9	4.8	14.81

Comments:

Plane Creek Mill processed just under 23,000 tonnes of cane for the week, bringing the season total to just over 1.09 million tonnes.

Rainfall throughout the week brought harvesting to a stop, which in turn halted crushing operations until adequate supply was achieved to recommence late on Friday.

Average weekly CCS came in at 14.45 units – a decrease of 0.08 of a unit on the previous week.

Bin weights dipped slightly on the previous week, to average 3.85 tonnes for the week.

The highest CCS honour for the week was a rake of Q208 seventh ratoon from the Mt Christian productivity area, with a CCS of 17.30 units.

Subject to weather and factory performance, harvesting operations at Plane Creek are currently expected to finish early in the second week of November.

As we enter the final weeks of the 2026 season, members of the public are reminded to stay alert around our cane rail network.

Remember to approach all level crossings with caution and always give way to cane trains.
