

## Weekly production figures

### Wilmar Sugar Plane Creek Mill Week 7, Week ending 8 August 2020

	This week	Season to date
<b>Cane crushed</b>	43,770	345,360
Average bin weight	3.78	3.75
<b>CCS</b>	13.61	12.67

#### Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q208	31.2	13.63	Q242	6.6	12.41
Q183	29.8	13.57	Q232	5.3	13.95
Q240	10.8	13.46	Q138	2.7	12.74
KQ228	8.4	14.32	Mixed	0.9	12.71

#### Comments:

Plane Creek Mill crushed close to 44,000 tonnes of cane during a stop-start week.

Factory operations stopped on Wednesday morning for planned cleaning and maintenance, and to enable crews to reinstate the shredder master turbine gearbox.

Crushing resumed Wednesday evening and rates were increasing steadily before an interruption to the external power supply early on Friday morning led to an extended factory stoppage.

Widespread rain brought harvesting to a halt on Friday. The mill crushed out early on Saturday morning and is not expected to re-start until field conditions have dried out.

CCS levels improved slightly earlier in the week. However, the end of week rain had a moderating effect and the week's CCS closed out 0.04 of a unit higher than the previous week.
