

Weekly production figures

Wilmar Sugar Plane Creek Mill Week 4, Week ending 10 July 2021

	This week	Season to date
Cane crushed	52,711	189,831
Average bin weight	3.87	3.84
CCS	12.89	12.51

Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q208	24.7	13.01	Q232	4.5	12.40
Q183	22.9	12.72	Q242	4.4	13.30
Q240	20.9	13.09	Q138	4.1	12.54
KQ228	5.8	14.31	Q253	3.1	12.77

Comments:

Plane Creek Mill crushed just under 53,000 tonnes of cane for the week, bringing the season total to nearly 190,000 tonnes.

A planned maintenance stop on Wednesday was extended for several hours following the failure of an ID fan on No.2 boiler during factory re-start operations.

The factory operated at a reduced crushing rate from Thursday while maintenance crews repaired and commissioned the ID fan. Full crush rates resumed on Saturday when No.2 boiler was brought back online.

CCS levels showed a marginal increase over the previous week of 0.19 of a unit, taking the season-to-date CCS to 12.51 units. However, there was a welcome improvement in average bin weight.

The highest CCS was 15.5 from a rake of Q183 6th ratoon from the Dawlish productivity district.
