Comments:

Plane Creek Mill wrapped up the 2021 crushing season on Sunday 12 December, with the last cane crushed at 10.33pm.

The mill processed just over 28,000 tonnes of sugarcane in its final week, bringing the total for the 2021 season to 1.367 million tonnes.

CCS improved slightly from the previous week. The final season CCS was 14.34 units.

The highest weekly CCS was 14.7 units from a rake of Q183 1R from the Ilbilbie productivity district.

I would like to acknowledge the effort that was put in by growers, harvesting contractors and Wilmar employees in completing this year's crush.

I'd also like to wish everybody a happy and safe Christmas and New Year period.
