Cane crushed	0	21,767
Average bin weight	0	9.61
CCS	0	13.14

Cane variety performance for region

Variety	%	CCS	Variety	%	CCS

Comments:

The wet weather event earlier this month has continued to impact harvesting and crushing operations.

No cane was harvested or crushed during Week 3.

During the forced downtime, crews worked on maintenance in preparation for the resumption of crushing.

Crushing operations are scheduled to recommence on Monday, 18 July.

As always, we ask the public to stay alert around our cane rail network.
