#### Comments

Proserpine Mill processed more than 85,600 tonnes of cane for the week.

Throughput was above budget in a week that also included an eight-hour scheduled maintenance stop.

The mill has officially passed the 1 million tonne mark, and has crushed nearly 61% of the estimated 1.73 million tonne crop.

The average weekly CCS came in above below budget at 14.66 units.

The highest CCS was 17.17 units from a rake of ratoon Q183 from the Lethebrook Creek productivity district.

Please only cross cane rail lines at designated crossings and always look for cane trains before proceeding.

Our cane trains work around the clock, seven days a week, so please continue to use your train brain and always take care around the cane rail network.
