Comments

Proserpine Mill processed just under 88,500 tonnes for the week, which was above budget, and the result of another solid week of strong factory performance.

Proserpine Mill has now processed more than 954,000 tonnes of cane season to date.

Average weekly CCS came in above budget, at 15.05 units.

The highest CCS sample of 17.92 units was from a rake of Q138 ratoon cane in the Elaroo productivity district.

We want to remind the public to always give way to cane trains and only cross the line at designated road crossings.

Remember that a fully loaded cane train can take up to one kilometre to pull up. Our cane trains work around the clock, seven days a week, so please continue to use your train brain and always take care around the cane rail network.
