

## Weekly production figures

### Wilmar Sugar Proserpine Mill Week 13, ending 26 September 2020

	This week	Season to date
Cane crushed	90,107	980,358
Average bin weight	9.32	9.41
CCS	14.50	13.83

#### Cane variety performance for region

Variety	%	CCS	Variety	%	CCS
Q240	31.10	14.48	Q242	3.98	13.07
Q183	27.44	14.48	KQ228	3.14	15.02
Q208	18.11	15.08	SP80	2.06	14.09
Q232	5.01	13.96	Q190	1.15	14.10

#### Comments:

Proserpine Mill processed 90,000 tonnes of cane for the week – another good throughput given that there was a maintenance and cleaning stop held on Wednesday.

The weather has continued to be favourable for harvesting.

CCS for the week reduced marginally for the first time this season, to an average of 14.50 units.

The highest CCS sample was 16.75 from a rake of plant Q208 in the Up River Productivity District.

With school holidays continuing, we ask parents and carers to remind children of the dangers of playing on or near our cane rail network.

We continue to urge the travelling public to 'Use your train brain' by always giving way to cane trains.
