

FOR THE RECORD

WILMAR'S CONTRIBUTION TO NORTH QUEENSLAND

Wilmar continues to invest for a sustainable sugar industry in North Queensland.

Since 2010, when Wilmar purchased Sucrogen from CSR, we have invested heavily in our eight sugar mills, bioethanol distillery and the extensive cane rail network.

We are an Australian leader in agricultural bioindustry. Our mills produce raw sugar, molasses and renewable energy which is exported to the grid. We are also a major producer of bioethanol, bio fertiliser and liquid stockfeed.

Raw sugar produced by our eight North Queensland mills
2.02 million tonnes

(average annual 2011-19)

Wages and salaries paid to our North Queensland employees

\$1.36 billion

(total 2011-19)

New North Queensland apprenticeships

258

(total 2011-19)

Cane crushed at our mills
15.2 million tonnes

(average annual 2011-19)

Bioethanol produced at our distillery
538 million litres

(total 2011-19)

Cane payments to growers supplying our mills

\$5.6 billion

(total 2011-19)

Capital and maintenance spend on our mills and distillery

\$1.4 billion

(total 2011-19)

Farms supplying our mills **2,309**

(2019)

People employed in our milling, distilling and farming operations during the crush

1,899

(2019)

Our North Queensland cane rail network

1,587km of track
74 locomotives
18,894 cane bins

Renewable energy generated by our eight mills

5,453,205 MWh

(total 2011-19)

Excess renewable energy exported to the national grid

3,088,782 MWh

(total 2011-19)

Molasses produced by our mills

4.3 million tonnes

(total 2011-19)

Mill mud returned to farms from our mills

7.5 million tonnes

(total 2011-19)

FOR THE RECORD

Wilmar Sugar Australia is a subsidiary of one of the world's largest agri/food enterprises, Wilmar International.

We are:

- Australia's largest manufacturer and exporter of raw sugar
- owner of refineries in Australia and New Zealand in a joint venture with Mackay Sugar Limited
- one of Australia's three major producers of bioethanol
- Australia's largest generator of renewable energy from biomass
- Australia's largest producer of molasses
- a leading supplier of bio stockfeed and fertiliser
- employer of more than 2,000 Queenslanders
- economic generator of more than \$1.2 billion of activity annually for Queensland and Australia
- a leader in environmentally responsible agriculture and commerce

Wilmar in the community

Wilmar Sugar Australia continues to be an active member of the community. We are one of the largest private employers in each of the regions we operate in and take seriously our responsibility as a good corporate citizen. Some of the many organisations, programs and events we support include:

- Cane train safety awareness
- Community festivals
- Junior Rugby League clinic with the North Queensland Cowboys
- School academic awards
- Work experience for high school students
- Junior sporting clubs
- Performing arts for young people
- Agricultural shows
- Chambers of commerce
