

# QUEENSLAND

## At a glance

Wilmar Sugar Australia's Queensland operations span the sugarcane value chain, from cane growing to production of raw sugar, renewable electricity, bioethanol and sustainable agricultural products.

Our eight sugar mills are located in the Herbert, Burdekin, Proserpine and Sarina regions, and have been operating for more than a century.

Our Sarina Distillery manufactures bioethanol for the fuel and industrial markets, while our Oonooie facility makes liquid stockfeed and fertiliser for primary producers.

We're also a joint-venture partner in Sugar Australia, which operates Racecourse Refinery in Mackay and a sugar packing facility at the Mackay Port.

### Each year, in Queensland, we:

Crush

**15.1 MILLION**

tonnes of sugarcane to produce  
2.11 million tonnes of raw sugar\*

Manufacture up to

**60 MEGALITRES**

of bioethanol for the fuel and  
industrial markets

Export enough renewable  
electricity to power

**72,600**

homes for a year\*

Refine and pack CSR Sugar  
at our Sugar Australia  
joint-venture operations

(Sugar Australia is 75% Wilmar-owned)

Provide jobs for

**1,960**

Queenslanders

Own and operate

**75 LOCOMOTIVES,**

20,800 cane bins and 1,602km  
of cane railway
