

# Pay for *this* year's fertiliser with *next* year's crop

Our new pre-season payment option lets you pay for your 2021 Bio Dunder® purchases with the cane payments from your 2022 crop.

To be eligible, you must be a Wilmar AgServices customer and nominate Wilmar as your GEI Marketer for 2022.

## Here's how it works:

- >> Receive up to \$5/tonne of 2022 season cane nominated to Wilmar as a pre-season payment
- >> Apply the pre-season payment to pay for this year's Bio Dunder® liquid fertiliser purchases
- >> Reap the benefits of our competitive fixed interest rate, currently 2%

*Our new pre-season payment option opens June 1, 2021. Advance payments will be made against your Bio Dunder® orders between June 1 and December 31, 2021.*
